

All about our Carbon Neutral Program

The unique program that has already removed more than 1.4 million pounds of carbon from our air!

www.TomDwyer.com

We do our best to make sure your vehicle has the least possible impact on the environment, but even the best internal combustion engines emit carbon into the atmosphere. In 2007 we started a program that allows our clients to offset the carbon output of their vehicles and save money at the same time.

As of 2011, the members of the **Tom Dwyer Automotive Carbon Neutral Program (CNP)** have been responsible for removing more than **1.4 million pounds of carbon** from our air. Not bad, especially when you consider that each one of these members was saving 10% on all their services here at the shop!

We want you to be part of this amazing success story, so we make it as easy as possible. Here's the deal...

WHAT YOU GET

1 YEAR OFFSET of your vehicle's carbon output
10% OFF LABOR COSTS at Tom Dwyer Automotive
Really cool window cling **STICKER**

WHAT IT COSTS

Cost varies by vehicle type and the number of offsets you need. Hybrids cost about **\$30**, most cars cost about **\$50**, and guzzlers cost about **\$90**.

HOW TO JOIN

Just call the shop at 503-230-2300 and talk to a Service Advisor. They'll take your information and we'll handle the rest. It's just that easy!
